XDR & THREAT DETECTION

ADVANCED PROTECTION THAT STOPS THREATS FAST.

CyberWall Shield's XDR platform unifies data across endpoints, networks, cloud workloads, and user activity to detect and stop attacks before they cause damage.

EXTENDED DETECTION & RESPONSE

Correlates events across all environments for faster, more accurate threat detection.

REAL-TIME THREAT HUNTING

Proactively identifies suspicious behavior and emerging threats.

AUTOMATED RESPONSE

Instant containment and mitigation to stop attacks in their tracks.

ENDPOINT & WORKLOAD PROTECTION

Next-generation protection for servers, workstations, and cloud workloads.

EMAIL & IDENTITY DEFENSE

Blocks phishing, malicious links, and credential theft attempts.

SIEM, CLOUD & SECURITY VISIBILITY

3

SEE EVERYTHING. PROTECT EVERYTHING.

Our SIEM collects and analyzes billions of events every day, giving you complete visibility across your entire environment.

CENTRALIZED LOG MANAGEMENT

Collects and normalizes logs from all systems, applications, and cloud platforms.

REAL-TIME ALERTING

Instant notifications for suspicious activity and policy violations.

COMPLIANCE & REPORTING

Built-in reports for HIPAA, NIST, PCI DSS, CMMC, SOC 2 and more.

THREAT INTELLIGENCE

Global threat feeds and behavioral analytics keep you ahead of attackers.

CLOUD SECURITY MONITORING

Monitor AWS, Azure, and Microsoft 365 for misconfigurations and threats.

SUPPORTED ENVIRONMENTS

Microsoft 365

Google Cloud

Azure

vmware

Linux

Windows

YOUR SECURITY. OUR MISSION.

24/7 EXPERTS. PROVEN PROCESS. TOTAL PROTECTION.

CyberWall Shield is your dedicated security operations team. We combine advanced technology with human expertise to protect what matters most.

24/7/365 MONITORING

Always-on monitoring by our U.S.-based security experts.

INCIDENT RESPONSE

Rapid containment and remediation when it matters most.

VULNERABILITY MANAGEMENT

Continuous scanning and remediation to close security gaps.

DATA PROTECTION

Backups, recovery, and encryption to protect your critical data.

SECURITY AWARENESS

Train your team. Reduce risk. Build a security-first culture.

STRATEGY & CONSULTING

vCISO guidance and strategic roadmaps tailored to your business.
